Saskatchewan School Divisions
1996 Statistical Information Report

Notes

The 1996 report is intended to provide the readers with pertinent financial and related information relevant to each school division in the province. Three main source documents have been used to prepare this statistical report:

- The September, 1995 Principal's September Statistical Report (PSSR) which provides enrolment information.
- The 1996 audited financial statements of school divisions.
- Information available from the department that relates to the 1996 (and earlier) provincial grants provided to school divisions.

Certain tables within this document refer to 'Prorated Enrolment'. This terminology refers to an estimate of the number of pupils enrolled in school divisions during the referenced calendar year. The figures are used mainly to allow for a calendar year comparison with, for example, tax revenue or grants received by school divisions during the calendar year. Prorated enrolment for 1996 is estimated by adding 60 per cent of the enrolment as shown on the September, 1995 PSSR to 40 per cent of the enrolment from the September, 1996 PSSR, after reducing the figures for kindergarten enrolment by 50 per cent.
